PO BOX 717, MUNDAY TX 76371

Taxing Unit's Website Address

Taxing Unit's Address, City, State, ZIP Code

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 and JETI Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 and JETI Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

Taxing units must include a hyperlink to a document that evidences the accuracy of each entry in the worksheet other than an entry making a mathematical calculation.<sup>1</sup> Source materials must contain data for all worksheets used, including supplemental worksheets.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

| Line | No-New-Revenue Tax Rate Worksheet                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Amount/Rate        |
|------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| 1.   | <b>Prior year total taxable value.</b> Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). <sup>2</sup> | \$ 3,243,422,291   |
| 2.   | <b>Prior year tax ceilings.</b> Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. <sup>3</sup>                                                                                                                                                                                                                                       | \$ 0               |
| 3.   | <b>Preliminary prior year adjusted taxable value.</b> Subtract Line 2 from Line 1.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | \$ 3,243,422,291   |
| 4.   | <b>Prior year total adopted tax rate.</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | \$ 0.030000 /\$100 |
| 5.   | <b>Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value.</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                    |

| 18.  | <b>Total current year taxable value on the current year certified appraisal roll today.</b> This value includes only certified values or certified estimate of values and includes the total taxable value of homesteads with tax ceilings (will deduct in Line 20). These homesteads include homeowners age 65 or older or disabled. <sup>12</sup> <p><b>A. Certified values:</b> ..... \$ 3,804,296,446</p> <p><b>B. Counties:</b> Include railroad rolling stock values certified by the Comptroller's office: ..... + \$ 0</p> <p><b>C. Pollution control and energy storage system exemption:</b> Deduct the value of property exempted for the current tax year for the first time as pollution control or energy storage system property: ..... - \$ 0</p> <p><b>D. Tax increment financing:</b> Deduct the current year captured appraised value of property taxable by a taxing unit in a tax increment reinvestment zone for which the current year taxes will be deposited into the tax increment fund. Do not include any new property value that will be included in Line 24 below.<sup>13</sup> Adjustments to the taxable value must be calculated separately for each reinvestment zone using Form 50-110.<sup>14</sup> Enter the total from Form 50-110. .... - \$ 0</p> <p><b>E. Total current year value.</b> Add A and B, then subtract C and D. .... \$ 3,804,296,446</p>                             |                  |
| 19.  | <b>Total value of properties under protest or not included on certified appraisal roll.</b> <sup>15</sup> <p><b>A. Current year taxable value of properties under protest.</b> The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest.<sup>16</sup> ..... \$ 836,650</p> <p><b>B. Current year value of properties not under protest or included on certified appraisal roll.</b> The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll.<sup>17</sup> ..... + \$ 0</p> <p><b>C. Total value under protest or not certified.</b> Add A and B. .... \$ 836,650</p> |                  |
| 20.  | <b>Current year tax ceilings.</b> Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. <sup>18</sup>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | \$ 0             |
| 21.  | <b>Anticipated contested value.</b> Affected taxing units enter the contested taxable value for all property that is subject to anticipated substantial litigation. <sup>19</sup> An affected taxing unit is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico. <sup>20</sup> If completing this line, the taxing unit must include supporting documentation in Section 9. <sup>21</sup> Taxing units that are not affected, enter 0.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | \$ 0             |

| 24.  | <b>Total current year taxable value of new improvements and new personal property located in new improvements.</b> New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements do include property on which a tax abatement agreement has expired for the current year. <sup>24</sup>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | \$ 764,921,640   |

### Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the tax rate. The type of taxing unit will determine the rate components that apply to a taxing unit's overall voter-approval tax rate.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

### SECTION 2: Maintenance and Operations (M&O) and Debt Tax Rate Worksheet

This section calculates two components of the voter-approval tax rate:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the minimum dollar amount required to be paid toward debt service for the current year.<sup>27</sup> This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

**SECTION 3: Adjustments for Additional Sales Tax to Reduce Property Taxes**

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

**SECTION 4: Adjustment for Pollution Control**

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

**SECTION 5: Unused Increment Rate**

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.<sup>47</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.<sup>48</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;<sup>49</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);<sup>50</sup> or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.<sup>51</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.<sup>52</sup>

**SECTION 6: De Minimis Rate**

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.<sup>53</sup>

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.<sup>54</sup>

**SECTION 7: Adjustment for Emergency Revenue Rate**

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>55</sup>

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

**SECTION 8: Total Tax Rate**

Indicate the applicable total tax rates as calculated above.

**No-new-revenue tax rate.** ..... \$ 0.031613 /\$100  
 As applicable, enter the current year NNR tax rate from: Line 27, Line 28 (counties), or Line 57 (adjusted for sales tax).

Indicate the line number used: 27

**Voter-approval tax rate.** ..... \$ 0.037848 /\$100  
 As applicable, enter the current year voter-approval tax rate from: Line 50, Line D50 (disaster), Line 51 (counties), Line 59 (adjusted for sales tax), Line 63 (adjusted for pollution control), Line 69 (adjusted for unused increment), or Line 82 (adjusted for emergency revenue).

Indicate the line number used: 69

**De minimis rate.** ..... \$ 0.045145 /\$100  
 If applicable, enter the current year de minimis rate from Line 74.

**SECTION 9: Addendum**

An affected taxing unit that enters an amount described by Tax Code Section 26.012(6)(C) in line 21 must include the following as an addendum:

1. Documentation that supports the exclusion of value under Tax Code Section 26.012(6)(C); and
2. Each statement submitted to the designated officer or employee by the property owner or entity as required by Tax Code Section 41.48(c)(2) for that tax year.

Insert hyperlinks to supporting documentation:

**SECTION 10: Taxing Unit Representative Name and Signature**

Enter the name of the person preparing the tax rate as authorized by the governing body of the taxing unit. By signing below, you certify that you are the designated officer or employee of the taxing unit and have accurately calculated the tax rates using values that are the same as the values shown in the taxing unit's certified appraisal roll or certified estimate of taxable value, in accordance with requirements in the Tax Code.<sup>59</sup>

Hey girl...Hope all is well, btw!

I'm working on Rolling Plains, I also need:  
Any 2025 or 2026 protested value?  
New absolute exemptions?  
First Time Partial exemptions?  
Value lost for new ag?

# 2026 Tax Rate Calculation Worksheet

## Taxing Units Other Than School Districts or Water Districts

Form 50-856

70- Rolling Plains Groundwater Conservation  
Taxing Unit Name

110 W California st. Seymour, Texas 76380  
Taxing Unit's Address, City, State, ZIP Code

Baylor CAD

(940) 422-1095  
Phone (area code and number)

www.rpgcd.org  
Taxing Unit's Website Address

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 and JETI Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 and JETI Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

Taxing units must include a hyperlink to a document that evidences the accuracy of each entry in the worksheet other than an entry making a mathematical calculation.<sup>1</sup> Source materials must contain data for all worksheets used, including supplemental worksheets.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

| Line | No-New-Revenue Tax Rate Worksheet                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Amount/Rate      |
|------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| 1.   | <b>Prior year total taxable value.</b> Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). <sup>2</sup> | \$ 835,536,982   |
| 2.   | <b>Prior year tax ceilings.</b> Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. <sup>3</sup>                                                                                                                                                                                                                                       | \$ 0             |

### Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the tax rate. The type of taxing unit will determine the rate components that apply to a taxing unit's overall voter-approval tax rate.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

### SECTION 2: Maintenance and Operations (M&O) and Debt Tax Rate Worksheet

This section calculates two components of the voter-approval tax rate:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the minimum dollar amount required to be paid toward debt service for the current year.<sup>27</sup> This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

**SECTION 3: Adjustments for Additional Sales Tax to Reduce Property Taxes**

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

**SECTION 4: Adjustment for Pollution Control**

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

<sup>46</sup> Tex. Tax Code §26.045(i)

**SECTION 5: Unused Increment Rate**

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.<sup>47</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.<sup>48</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;<sup>49</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);<sup>50</sup> or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.<sup>51</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.<sup>52</sup>

**SECTION 7: Adjustment for Emergency Revenue Rate**

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>55</sup>

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

**SECTION 8: Total Tax Rate**

Indicate the applicable total tax rates as calculated above.

**No-new-revenue tax rate.** ..... \$ .03112247 /\$100

As applicable, enter the current year NNR tax rate from: Line 27, Line 28 (counties), or Line 57 (adjusted for sales tax).

Indicate the line number used: 27**Voter-approval tax rate.** ..... \$ .0339794 /\$100

As applicable, enter the current year voter-approval tax rate from: Line 50, Line D50 (disaster), Line 51 (counties), Line 59 (adjusted for sales tax), Line 63 (adjusted for pollution control), Line 69 (adjusted for unused increment), or Line 82 (adjusted for emergency revenue).

Indicate the line number used: 69**De minimis rate.** ..... \$ .094251 /\$100

If applicable, enter the current year de minimis rate from Line 74.

**SECTION 9: Addendum**

An affected taxing unit that enters an amount described by Tax Code Section 26.012(6)(C) in line 21 must include the following as an addendum:

1. Documentation that supports the exclusion of value under Tax Code Section 26.012(6)(C); and
2. Each statement submitted to the designated officer or employee by the property owner or entity as required by Tax Code Section 41.48(c)(2) for that tax year.

Insert hyperlinks to supporting documentation:

**SECTION 10: Taxing Unit Representative Name and Signature**Enter the name of the person preparing the tax rate as authorized by the governing body of the taxing unit. By signing below, you certify that you are the designated officer or employee of the taxing unit and have accurately calculated the tax rates using values that are the same as the values shown in the taxing unit's certified appraisal roll or certified estimate of taxable value, in accordance with requirements in the Tax Code.<sup>59</sup>**print
